**C**lemson athletics is rooted in a deep tradition of success and excellence. Since 1977, the Clemson volleyball program has contributed to this rich athletics history that is synonymous with Clemson. Now boasting 21 varsity programs, Clemson athletics is at an all-time high, and the volleyball program is poised to compete with the best.

Head Coach Jackie Simpson-Kirr is quickly building Clemson volleyball to be a contender not only in the ACC but among the nation's best. The Clemson Volleyball Fund will be crucial to bringing ACC Championships and NCAA Tournament appearances to the program.

Have you ever attended a match in Jervy Gym? The atmosphere in Jervy Gym is one of the most electric in collegiate volleyball. When Jervy Gym is packed, the Tigers have one of the best homecourt advantages in the country. To keep this advantage, the Clemson Family is needed to get behind the Tigers and their vision for the future.

Success at any level is propelled by hard work, commitment, and support. The support of the Clemson community, the University, athletic administration, and IPTAY have combined to be a force in the growth of this program. With the launch of the Hear Her Roar Campaign, providing the tools for success for women's athletics at Clemson University is a top priority. Donations made to the Clemson Volleyball Fund will be a game-changer in this space.

With sights set on being perennial ACC contenders, the Clemson Volleyball Fund aims to give the Tigers a competitive advantage in an increasingly challenging league. Gifts made will help Coach Simpson-Kirr and her team complete near and long-term projects. Near-term projects include improvements to team spaces and recruiting areas and relocating the locker room closer to Jervy Gym. Long-term projects include foreign trips, personal care amenities, and renovations to the home of the Tigers, Jervy Gym.

With your philanthropic support, additional dollars can be provided annually to propel this program forward. Therefore, we need you to be ready to **set** the Tigers up for a **spike**. A gift to the Clemson Volleyball Fund will significantly impact the volleyball program and the young women who make us proud to be Clemson Tigers!

Through the Clemson Volleyball Fund you can have a direct impact on Clemson's volleyball student-athletes by making a gift to support the focus areas below. To learn more about how you can make a difference contact Lauren Gaulin at [lgaulin@clemson.edu](mailto:lgaulin@clemson.edu) or 864-656-2608.
